

THE BOO DEVILS

· MONSTER ·

(Letra y Música: J.M. Mora)

I'm one of the chosen ones
I'm one of the fallen sons
A tear in the rain rollin' down God's shell
Denn die toten reiten schnell
I'm a monster... I'm a monster...

A creature born from the Golem's mud
The deepest fear and evil blood
When a shattered soul feeds on hate
Der todesengel signs the fate to grave
I'm a monster... I'm a monster...

Gabriel guides me to ride the lightning
Liebestod bliss
Killer rouge kiss
The road to hell is lonely and frightening
Pray for your sins
Fold the beast's wings

You must feel my heart is frost
Don't follow me, I'm lost
No hope at the dark side
I'm a monster

Mine is the torture and the agony
Mine is the alchemy of my destiny
A furtive glance, non spoken desire
The primitive excuse for the holy fire
I'm a monster... I'm a monster...

Gabriel guide me to ride the lightning
Liebestod bliss
Killer rouge kiss
The road to hell is lonely and frightening
Pray for your sins
Fold the beast's wings

You must feel my heart is frost
Don't follow me, I'm lost
No hope at the dark side
I'm a monster

I'm your worst nightmare when you're alone...
I'm a monster... I'm your monster...
You're a monster... You're your monster...
Your own monster... A known monster...
