

# THE BOO DEVILS

---

## · THE MESSENGER ·

*(Letra: J.M. Mora. Música: E. Miró)*

The way is hard and lonely  
I know it, babe, but I'm a man  
I feel time passing slowly  
With so many bullets around  
I'm the messenger of fear

I love to drive my Cadillac  
From downtown to the skyline  
I love to drive my Cadillac  
You know you're always on my mind  
And I'll delete your name  
For tonight

Family is a bigger word  
Where we came beyond the sea  
My job is just a job  
No remorse, no more tears  
And if something's going wrong

I love to drive my Cadillac  
From downtown to the skyline  
I love to drive my Cadillac  
You know you're always on my mind  
And I'll delete your name  
For tonight

You know the city is ruthless for the weak  
It's useless hiding underground  
My mom made me as I am  
Daddy put a gun in my hand

I love to drive my Cadillac  
From downtown to the coast line  
I love to drive my, drive my Cadillac  
You know you're always on my mind  
And I'll delete your name  
Oh Lord, I'll delete your name  
And I'll delete your name  
For tonight
